

# Where Do I Read About Climate Change?

(<http://www.ipcc.ch/>)

- A **review** by the Intergovernmental Panel on Climate Change (IPCC)
- Also there are many useful web sites:
  - this page:  
[staff.acecrc.org.au/~johunter/info.pdf](http://staff.acecrc.org.au/~johunter/info.pdf)
  - [www.climateark.org](http://www.climateark.org)
  - [www.aip.org/history/climate](http://www.aip.org/history/climate)
  - [www.ucsus.org/global\\_warming](http://www.ucsus.org/global_warming)
  - [www.realclimate.org](http://www.realclimate.org)
  - [www.brighton73.freeseve.co.uk/gw](http://www.brighton73.freeseve.co.uk/gw)
  - [www.climateprediction.net](http://www.climateprediction.net) (run your own climate model!)

**TIP: Trust government and university sites rather than private ones**
